

## 2. Reuse it or Lose it

Workshopped by pupils from Christ the King RC Primary School,  
Newton Heath, Manchester  
Words and music by Hannah King

You've gotta reuse it,  
Or else you're gonna lose it.  
You've gotta reuse it,  
Or else you're gonna lose it.

Help the animals,  
Heal the earth,  
Stop the waste  
To save the world.

You've gotta reuse it...

What can we make out of wood?  
Something new and something good.  
Homes for insects, seats and chairs,  
Pots and planters, floors and stairs!

You've gotta reuse it...

Metal scraps can be as good as new,  
There's all sorts that you can do!  
Tables, benches, sculptures, art,  
Wind chimes, shelves, that's just the start!

You've gotta reuse it...

Here's a rule for you and me:  
No more plastic in the sea!  
Turn that bottle on its head,  
Let it feed the birds instead!

You've gotta reuse it...

Help the animals,  
Heal the earth,  
Stop the waste  
To save the world.

You've gotta reuse it...  
You've gotta reuse it!
